PLAT OF SURVEY must be submitted with application. The plat should show any existing buildings on the petitioned property as well as any existing buildings on property immediately adjacent.

The applicant must provide the following DATA AND INFORMATION:

1. Detailed plans depicting all work proposed to be done, including detailed renderings of any exterior alterations and of the exterior of any proposed new building. Such rendering shall show proposed exterior colors and textures.
2. Standards and Considerations. State how the proposed use or development achieves the purposes for which the Design Review District is designated.

3. Visual Compatibility. New and existing buildings and structures, and appurtenances thereof, which are constructed, reconstructed, materially altered, repaired, or moved shall be visually compatible in terms of the following criteria:
 - a. Height. The height of the proposed buildings and structures shall be visually compatible with adjacent buildings.
 - b. Proportion of Front Facade. The relationship of the width to the height of the front elevation shall be visually compatible with buildings, public ways, and places to which it is visually related.
 - c. Proportion of Openings. The relationship of the width to height of windows shall be visually compatible with buildings, public ways, and place to which the building is visually related.
 - d. Rhythm of Solids to Voids in front Facades. The relationship of solids to voids in the front facade of a building shall be visually compatible with buildings, public ways, and places to which it is visually related.
 - e. Rhythm of Spacing and Buildings on Streets. The relationship of a building or structure to the open space between it and adjoining buildings or structures shall be visually compatible with the buildings, public ways, and places to which it is visually related.
 - f. Rhythm of Entrance Porch and Other Projections. The relationship of entrances to other projections to sidewalks shall be visually compatible with the buildings, public ways, and places to which it is visually related.
 - g. Relationship of Materials, Texture and Color. The relationship of the materials, texture, and color of the facade shall be visually compatible with the predominant materials used in the buildings and structure to which it is visually related.

- h. Roof Shapes. The roof shape of a building shall be visually compatible with the building to which it is visually related.
 - i. Walls of Continuity. Building facade and appurtenances such as walls, fences, and landscape masses shall, when it is a characteristic of the area, form cohesive walls of enclosure along a street to ensure visual compatibility with the buildings, public ways, and places to which such elements are visually related.
 - j. Scale of Building. The size and mass of buildings and structures in relation to open spaces, windows, door openings, porches, and balconies, shall be visually compatible with the buildings, public ways, and places to which they are visually related.
 - k. Directional Expression of Front Elevation. A building shall be visually compatible with the buildings, public ways, and places to which it is visually related in this directional character, whether this be vertical character, horizontal character, or non-directional character.
4. Quality of Design and Site Development. New and existing buildings and structures and appurtenances thereof which are constructed, reconstructed, materially altered, repaired, or moved shall be evaluated under the following quality of design and site development criteria:
- a. Open Spaces The quality of the open spaces between buildings and in setback spaces between street and facade.
 - b. Materials The quality of materials and their relationship to those in existing adjacent structures.
 - c. General Design The quality of the design in general and its relationship to the overall character of the neighborhood.
 - d. General Site Development The quality of the site development in terms of landscaping, recreation, pedestrian access, automobile access, parking, servicing of the property, and impact on vehicular traffic patterns and conditions on site and in the vicinity of the site, and the retention of trees and shrubs to the maximum extent possible.

NOTICE: This application must be filed with the office of the Community Development Director, accompanied by necessary data called for above and the required filing fee of Two Hundred Dollars (\$200), which is non-refundable.

The minimum fee shall be payable at the time of the filing of such request. It is also understood that the applicant shall reimburse the Village, any additional costs over and above these minimums which are incurred by the Village. Such additional costs shall be paid by the applicant prior to the Board of Trustees making a decision regarding the request.
