

Village of La Grange

CONSTRUCTION NOTICE

Project: Brewster Avenue Water Main Improvement Project

Issue Date: March 13, 2019

Contractor: Superior Excavating

Work Area: Brewster Avenue from La Grange Road to Spring Avenue

The Village of La Grange is pleased to announce that the Brewster Avenue Water Main Improvement Project is planned to start the week of March 18, 2019 and is scheduled to be completed in May. The replacement of the water main is planned to be completed in advance of the roadway resurfacing of Brewster Avenue that is scheduled to occur this summer. The roadway resurfacing project will be a joint partnership between the Villages of La Grange and La Grange Park since Brewster Avenue serves as the boundary between the communities.

The water main project consists of replacing the existing 8" water main on Brewster Avenue from the east side of La Grange Road to Spring Avenue. The existing water main was installed in 1925 and is in need of replacement. Please note that this water main only serves La Grange residents. La Grange Park residents will not have their water service impacted by the work. The work will generally be completed by open cutting the roadway and installing a new water main. The contract for this project was awarded to Superior Excavating.

During the project, the Village and the contractor will strive to maintain continuous access to your property while the work is completed. However, it is possible there will be certain work activities that may temporarily limit access to your property. Signs and notices will be provided describing the work activity and expected restrictions closer to when the activity is expected to occur. Residents will be notified about where parking will be available if driveway access is interrupted.

Also during the project there may be times when the Village's water system pressure may drop below 20 psi. When this occurs, the Village will notify you and recommend that you boil all water for drinking purposes for a 48-hour period.

Over 

If the weather cooperates, the Village anticipates the Water Main Replacement project will be substantially completed by the end of April. Generally, the contractor will be working between the hours of 7:00 a.m. to 5:00 p.m., Monday through Friday.

If you have any questions regarding project activities, please e-mail the project representative, Mr. Reggie Jansen at lagrange.brewster@gmail.com or by calling (630) 400-6008. Alternatively, you can also call the the Department of Public Works at (708) 579-2328 with any questions, comments or concerns.
