CONSTRUCTION NOTICE

Project: Blackstone Roadway Reconstruction Project

Issue Date: July 12, 2019

Work Area: Blackstone Avenue from Cossitt Avenue to 47th Street

Starting next week, the roadway contractor will begin the removal and replacement of the concrete curb, sidewalk and driveway aprons. The concrete work will be divided into two phases: Phase 1 – West side of Blackstone Avenue, Phase 2 – East side of Blackstone Avenue.

In order to complete the work, access to your driveway will be restricted for one week. **All vehicles on the side of the street where work is occurring will need to park on an adjacent side street during the day from 7 am to 5 pm, Monday through Friday.** Outside of this time period (5 pm to 7 am), you can park on the opposite side of Blackstone Avenue from where the work is occurring, however your vehicles need to be moved to an adjacent side street by 7 am each morning.

The following is the anticipated schedule for the next several weeks:

Phase 1 – West Side of Blackstone Avenue (Vehicles on this side need to be moved out of driveways)

Monday, July 15 – Concrete Removal (Curbs, sidewalks, driveways)
Tuesday, July 16 – Concrete removal, forming and adjustments
Wednesday, July 17 – Pour concrete curb
Thursday, July 18 – Pour concrete sidewalks
Friday, July 19 – Pour concrete aprons
Monday, July 22 – Access to driveways restored

Phase 2 – East Side of Blackstone Avenue (Vehicles on this side need to be moved out of driveways)

Week of July 22 to July 29 – Same order as above

Over 

The Police Department is aware of the parking accommodation and will not be ticketing vehicles for overnight parking in this area. All vehicles parked on-street will need to be parked in a legal space, which includes not blocking fire hydrants, intersections or driveways.

Sidewalk removal and replacement will only include replacing sidewalks at intersections and where trip hazard exists.

Please note the above schedules are weather dependent and may need to be adjusted based on unforeseen circumstances. The overall schedule is to complete the concrete work in July, asphalt paving in August, and landscaping in September.
