

Village of La Grange

CONSTRUCTION NOTICE

Project: Ashland Avenue Water Main Project

Issue Date: July 26, 2019

Work Area: Ashland Avenue from Harris Avenue to 47th Street

The contractor has generally completed the installation of the water main from 47th Street to Harris Avenue. The remaining work to be completed includes transferring several private water services, connecting the new water main at several cross streets, compacting the new utility trench, and cleaning up the site.

The following week the roadway contractor will begin mobilization for the roadway project, which will begin with surveying work. Within the next 2-3 weeks we expect that the contractor will begin the installation of the new concrete curbs, sidewalks, and driveways. This work will require that vehicles be parked on adjacent side streets for at least a one week period while the new infrastructure is installed. The work will be done in two phases; west side of the street and east side of the street. More information on parking accommodations will be provided closer to the date of the work when a more specific schedule is known.

If you have any questions regarding project activities, please e-mail the project representative, Mr. Reggie Jansen at lgrange.ashland@gmail.com or by calling (630) 400-6008. Alternatively, you can also call the Department of Public Works at (708) 579-2328 with any questions, comments or concerns.
