

Village of La Grange

CONSTRUCTION NOTICE

Project: Ashland Avenue Roadway Reconstruction Project

Issue Date: September 6, 2019

Work Area: Ashland Avenue from Cossitt Avenue to 47th Street

The concrete curbs, sidewalks and driveways on Ashland have been completed, and driveway access will be restored today. Thank you for your patience while this work was completed. The following is the expected schedule for the next several weeks:

Week of September 9 -14 – On Tuesday and Wednesday the contractor is planning to grind out the existing asphalt layer. Once the asphalt layer has been removed, the contractor will regrade the stone subbase in preparation for asphalt. Placement of the first layer of asphalt is tentatively planned for Saturday, September 14 and Monday, September 16. Please note that during these activities driveway access may be temporarily unavailable for a short period when the machines are working directly in front of your property.

Week of September 16 – 20 – Begin restoration of parkways. Repair damaged sprinkler systems. Adjust frames and lids within pavement areas.

All of the project activities are weather dependent, so any delay will result in work activities being completed on a subsequent day.

If you have any questions regarding project activities, please e-mail the project representative, Mr. Reggie Jansen at lagrange.ashland@gmail.com or by calling (630) 400-6008. Alternatively, you can also call the Department of Public Works at (708) 579-2328 with any questions, comments or concerns.
